### **Benevolent Fund –**

The Chapter assisted a FF for the burial of his baby.

The recent Bowling Tournament Fundraiser in Moreno Valley raised additional funds for the Benevolent fund.

Shop with a Firefighter is under way and Danny is calling residents to raise money.

### **Service Delivery – Steve informs the members the background that led up to the report of “The Role of the Volunteer”.**

As of today, we have received a new document created by Chief Deyo and Jeff LaRusso. This document proposes some new ideas for the direction of the volunteer program. The Riverside Chapter will review this document and meet with Chief Hawkins to discuss the chapter’s position.

### **Open Discussions –**

Steve Slagle wants to obtain input regarding Station design. The Riverside Chapter strongly supports the individual room design for all newly constructed Fire Stations. The reason is that the Chapter believes that providing additional privacy for the members helps to alleviate potential problems when dealing with male/female crews. It provides better rest when crews have to deal with noisy sleepers; there are fewer opportunities to spread sickness when you have your own room versus open barracks. Individual room design does not deter crew continuity as some has said. All members in today’s meeting have stated that individual room design is their preference.

Dan Harris requests an inquiry regarding the picture in the last state communiqué where Bob Wolf was seen wearing blue jeans near the fire line.

Joe Pidgeon raises a question over recent incidents involving firefighter injuries and when are we as an organization going to aggressively find ways to inform and retrain our members. At times it appears that we quickly respond to minor issues with a Green Sheet but rarely put something out when significant occurrences arise.

Mark Grasso has volunteered to be the Chairperson of the committee to have a Firefighter Appreciation Night.

Break at 3:10 – 3:20

## **OFFICERS REPORTS:**

**Fire Captain Displacements** - Scott informs the members the background over the recent Fire Captain displacements. This was a lengthy discussion and time consuming.

**AAV** - Scott discusses the preliminary agreement regarding AAV.

**JAC** - It is alleged that Sacramento is asking Riverside to require JAC employees to provide narratives from those individuals not off Jac as to why they are not off JAC. The Chapter is inquiring if this is the case.
